

# Overview

The Program Management Office (PMO) provides a wide range of support to the Directorate of Training and Leader Development. The PMO staff publishes the Engineer professional bulletin; edits, publishes, and distributes training and doctrine products; manages the training and doctrine program; provides training and leader development integration support; and provides administrative and personnel support such as personnel security, training coordination, civilian personnel actions processing, Defense Travel System (DTS) administration, and budget and TDA oversight. The PMO staff also manages and administers the Automated Systems Approach to Training (ASAT) Program for the USAES and provides system administration for ASAT and Army Training Information Architecture - Training and Doctrine Development Tool (ATIA-TDDT) for the MANSCEN service schools.
